# Our History

## **National Voluntary Organizations Active in Disaster (National VOAD):**

Founded over 40 years ago in response to the challenges many disaster organizations experienced following Hurricane Camille, a category 5 storm that hit the Gulf Coast in 1969.

As an outcome, National VOAD was formed with a Mission to be the forum where organizations share knowledge and resources throughout the disaster cycle—preparation, response and recovery—to help disaster survivors and their communities.

# Our History

## Values

- Our commitment to caring and compassion for all people is the foundation for all we do.
- A coordinated, inclusive approach provides the basis for a nurturing environment in which disaster response agencies will flourish.
- The quest for excellence in National VOAD programs by encouraging best practices and mutual accountability results in operational synergy.
- Our work will be accomplished in a respectful, non-judgmental and non-discriminatory manner.
- Trust, mutual respect and equal partnerships of community service providers are essential elements of our work.
- Providing hope – making a difference – offering opportunities for true collaboration – are the lifeblood and soul of the organization.

# Our History

## Core Principles

The National VOAD collaborative practices the “4C’s” as guiding principles for how we operate and resolve conflict:

**Cooperation | Communication | Coordination | Collaboration**

National VOAD recognizes that these 4 C’s are progressives and based on building and maintaining trusting, mutually capable relationships.
